

WHAT IS GREEN COLLIDER?

This Erasmus+ project aim is to explore and contribute to the readiness of European VET providers and SMEs to introduce changes and measures set in the European Green Deal.

WHO IS GREEN COLLIDER?

We are seven organisations from six EU countries: Austria, Greece, Hungary, Italy, Slovenia and Spain.

OUR RESULTS?

We are working on three project results for VET professionals and in-company trainers:

**Green Collider
Masterclass**

**VET-Business Green
Cooperation Collider**

**Green Collider
Policy Paper**

WHAT HAS HAPPENED RECENTLY

The core of the Green Collider project is to connect VET and businesses through real life challenges that engage both target groups. The project partners facilitate this process by proposing hands-on challenges or by offering a stage for great ideas from VET learners. In some of our countries, the VET-BUSINESS GREEN COOPERATION COLLIDER events have already started, while others are in the process of setting it up.

Furthermore, the partnership met twice in the past months to work on the project results – in Cori (IT) and in Graz (AT).

WHAT WILL BE NEXT?

In the upcoming months, the VET-BUSINESS GREEN COOPERATION COLLIDER will take off in all our partner countries: Austria, Greece, Hungary, Italy, Slovenia and Spain! All highlights and insights will be scrapbooked on our project website.

Later this year, the development of the Green Collider Policy Paper will commence, which will be published in early 2024.

HOW CAN YOU BENEFIT?

If you are interested to join the VET-BUSINESS GREEN COOPERATION COLLIDER, contact your local Green Collider partner now! Stay up to date and see how you can get involved!
