# Praksa dijakov v podjetju Schade GmbH (Mercedes), AH Gleichmann (Suzuki), AH An der Aue GmbH (VW, Audi)

**Mühlhausen - Nemčija**  
**10. 01. 2020 - 08. 02. 2020**

Petek, 10. 01. 2020

Zbrali smo se ob 5:00 in odrinili iz Slovenije. Naredili smo nekaj postankov na avtocesti. Ustavili smo se tudi v trgovini za glasbila, ker je eden od nas "muskonter" in se mu je zdelo primerno.

(We got together at 5:00 and left Slovenia. We made some stops on the highway. We also stoped at a music store because one of us is a musician and thought it was appropriate.)

Prispeli smo v Mühlhausen in se vstalili v Klošter Volkenroda.

(We arrived in Mühlhausen and got into the Monastery of Volkenrod.)

*Stara VS modernizirana hiša (Old VS modernized house)*

**Dan 1:** Odšli smo na ogled mesta Mühlhausen z profesorjem lokalne šole.

Ampak od viška glava ne boli.

tukaj imajo tudi 13 cerkva in ne vedo kaj narediti z njim, zato so nekatere spremenili v knjižnice, muzeje ...

(Day 1: We went on a tour of Mühlhausen with a local school teacher, Robert. And bought absolutely too much food in the stores. But we will probably eat all of it easily.

They also have 13 churches and don't know what to do with them, so they turned them into libraries, museums ...)

### *Najboljši kuhar (Best cook)*

**Dan 2:** Danes smo ostali dopoldne doma in kuhali kulinarične jedi višje kvalitete.

Popoldne pa smo se odpravili na najbližji "hrib" in našli stolp iz srednjega veka.

**(Day 2:** We stayed home this morning and cooked culinary dishes of top quality.

In the afternoon, we went to the nearest "hill" and found a tower from the Middle Ages)

### *Kyffhäuserdenkmal*

**Dan 3:** Odšli smo na delovna mesta. Dva sva šla na Suzuki, eden pa Mercedes. Na Suzukiju smo bili produktivnejši, zato smo končali prej in odšli na domače pivo in burgerje.

(**Day 3:** We went to work. Two of us to Suzuki and one to Mercedes. We were more productive at Suzuki, so we finished earlier and went for home brews and Burgers.)

*Domači burgerji in pivo (Home made burgers and beer)*

**Dan 4:** Danes smo vsi odšli na svoja delovna mesta. Počutimo se kot v 1. letniku, ker nimamo nobenih zahtevnih del. Malo kdo govori drug jezik razen nemščine, zato se jo bo potrebno naučiti.

(Day 4: Today we all went to our jobs. We all feel like we are in the 1. grade in ŠCŠL, because we don't have any challenging work to do. Few people speak any other languages than German, so we will need to learn it as we go along.)

Volkswagen/Audi

Suzuki

Mercedes-Benz

*Prazna delavnica*

**Dan 5:** Delali smo očitno manj kot v Sloveniji, kar nam je čudno. Privajamo se na delovne navade Nemčije in upamo, da bomo dobili več dela iz dneva v dan. Ampak tisto delo, ki ga dobimo je pa zanimivo. (Day 5: We were clearly doing less work than in Slovenia, which is strange to us. We are getting used to the work habits of Germany and hope to get more work day by day. But the work we get is interesting.)

## *Pomita posoda (Washed dishes)*

**Dan 6:** Danes smo na servisih dobili malo več dela kar nas je spravilo v boljšo voljo. Popoldne nismo nič delali razen pomili posodo. Na sliki je pomita posoda, ker nekdo od nas noče, da njegova družina ve, da zna pomivati posodo.

(**Day 6:** Today we got a little more work done at the repair shops, which put us in a better mood. In the afternoon we did nothing but wash the dishes. The picture shows just the washed dishes because one of us does not want his family to know that he can wash the dishes.)

*KAMEN (ROCK)*

**Dan 7:** Ker je petek smo se odpravili na manjši izlet do geografske sredine Nemčije, kar je samo nekaj minut iz Mühlhausena. Nameravamo pose

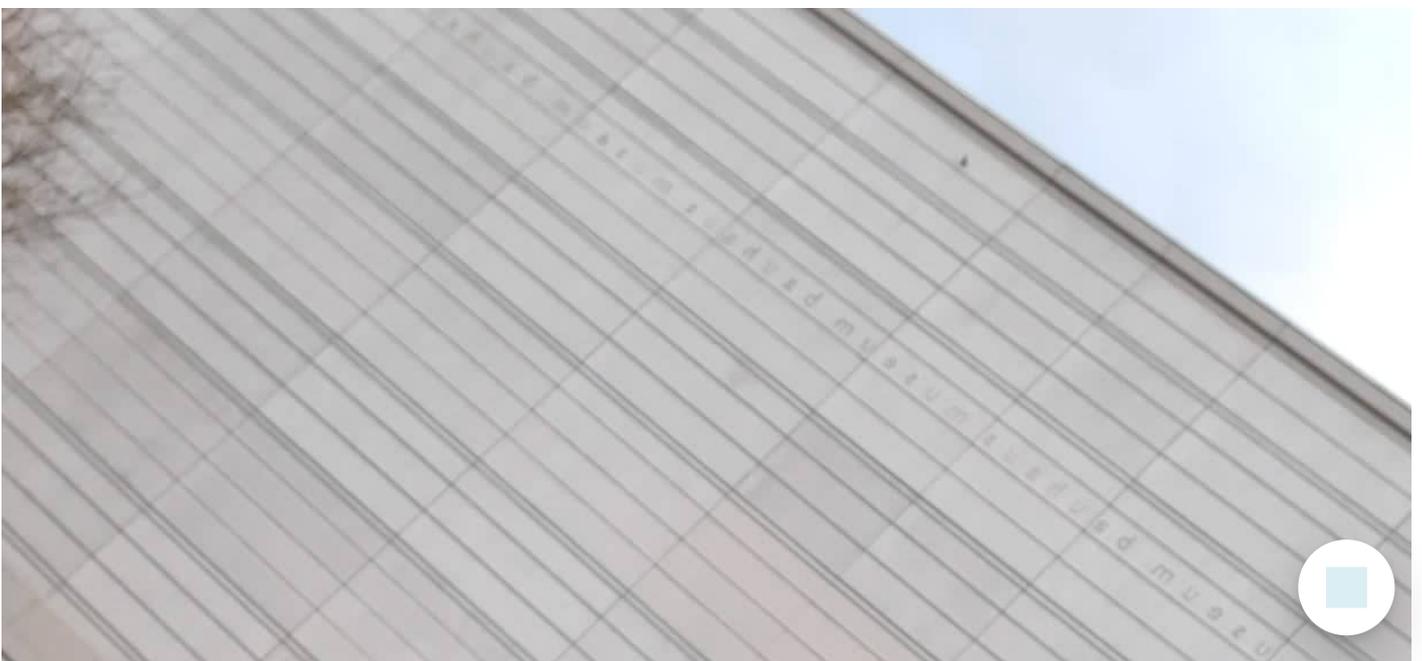

(Day 7: Since it's Friday, we have taken a small excursion to the geometric middle of Germany, which is only minutes from Mühlhausen. Today, however, we intend to shake off some of the work stress.)

**Dan 8:** Odločili smo se oditi na malo daljšo vožnjo do Weimarja. Ogledali smo si koncentracijsko taborišče, kar lahko rečem, da je bilo malce srhljivo...

(Day 8: Today we decided to take a little longer ride to Weimar. We took a look at the concentration camp, which I can that it was a little creepy...)

...in ogledali smo si tudi Bauhaus galerijo, ki je galerija pohištva z umetniškim pristopom kot pa tudi drugih umetniskih del.

(...and the Bauhaus gallery, which is a furniture gallery with an artistic approach aswell as some other artwork.)

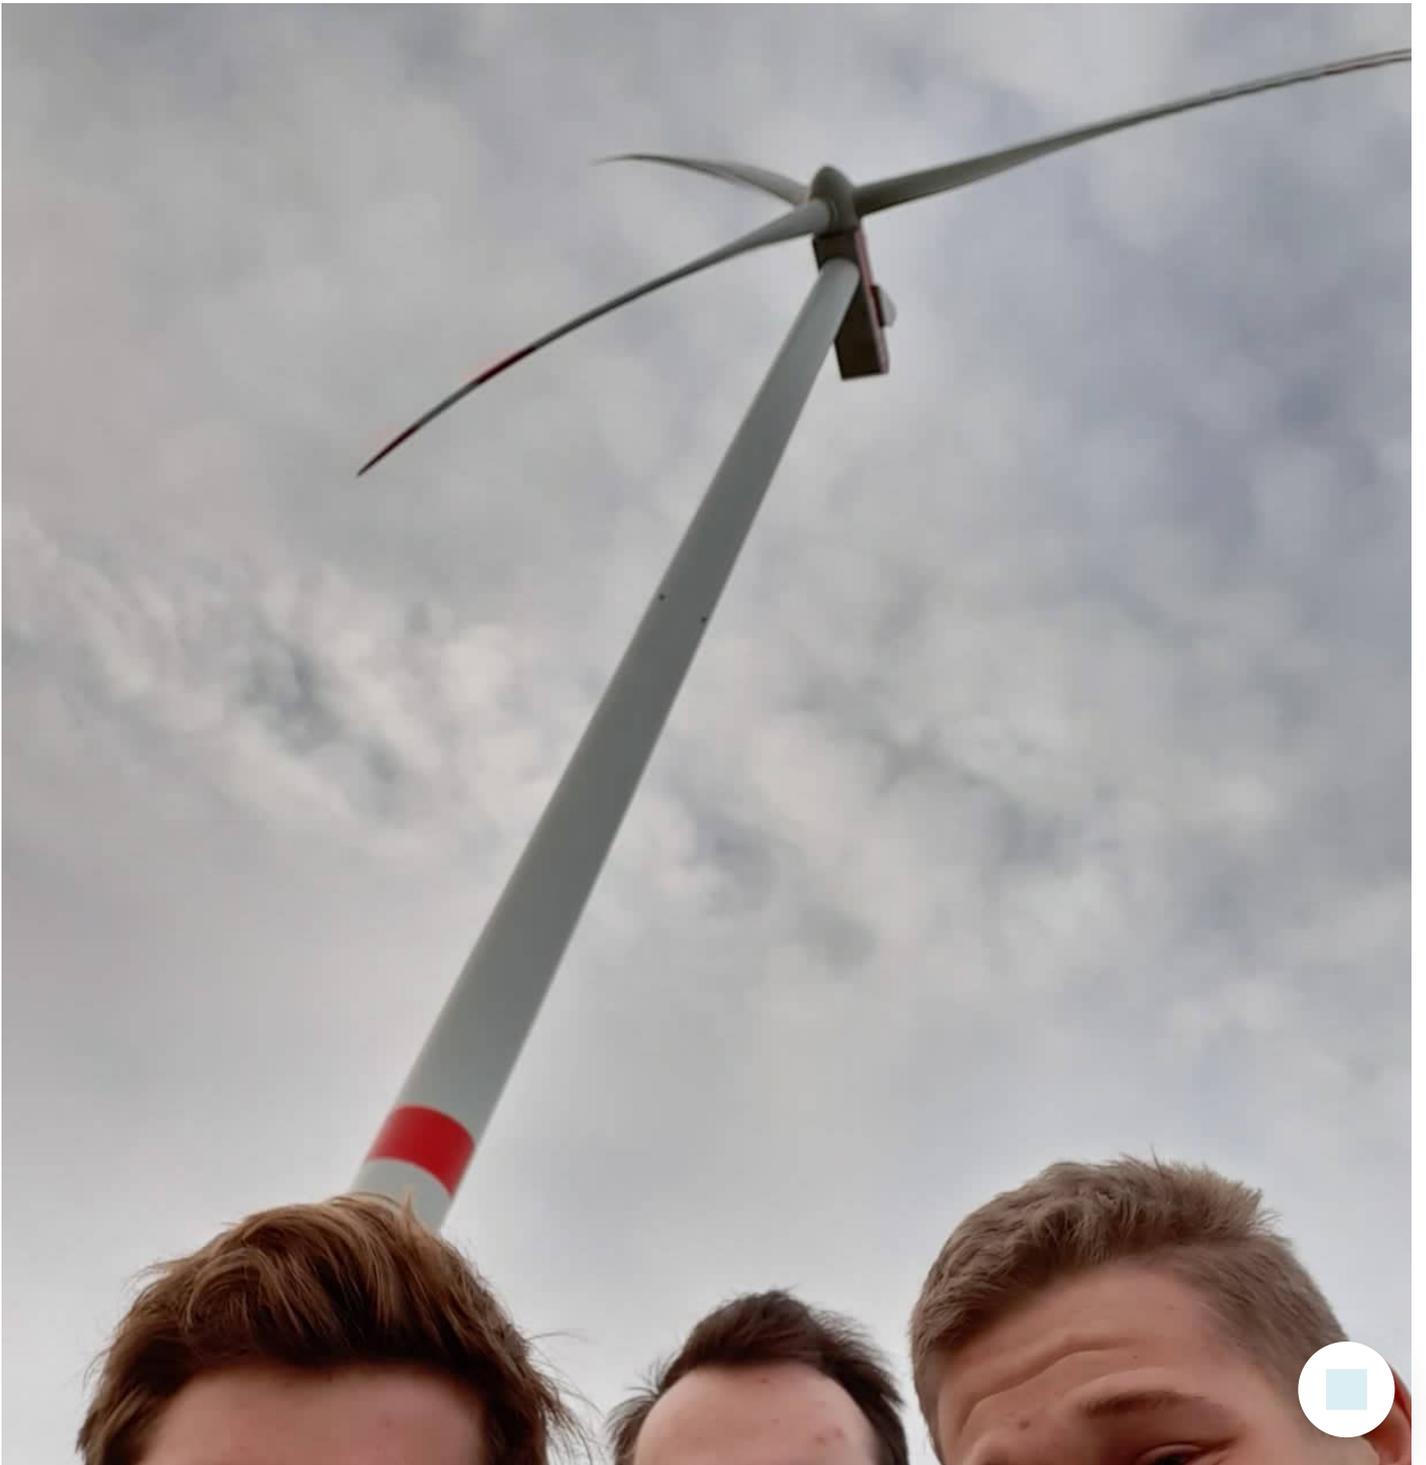

**Dan 9:** Odločili smo se, da se odpravimo do ene izmed vetrnih elektrarn.

To je to.

(Day 9: We decided to head to one of the wind farms. That's it.)

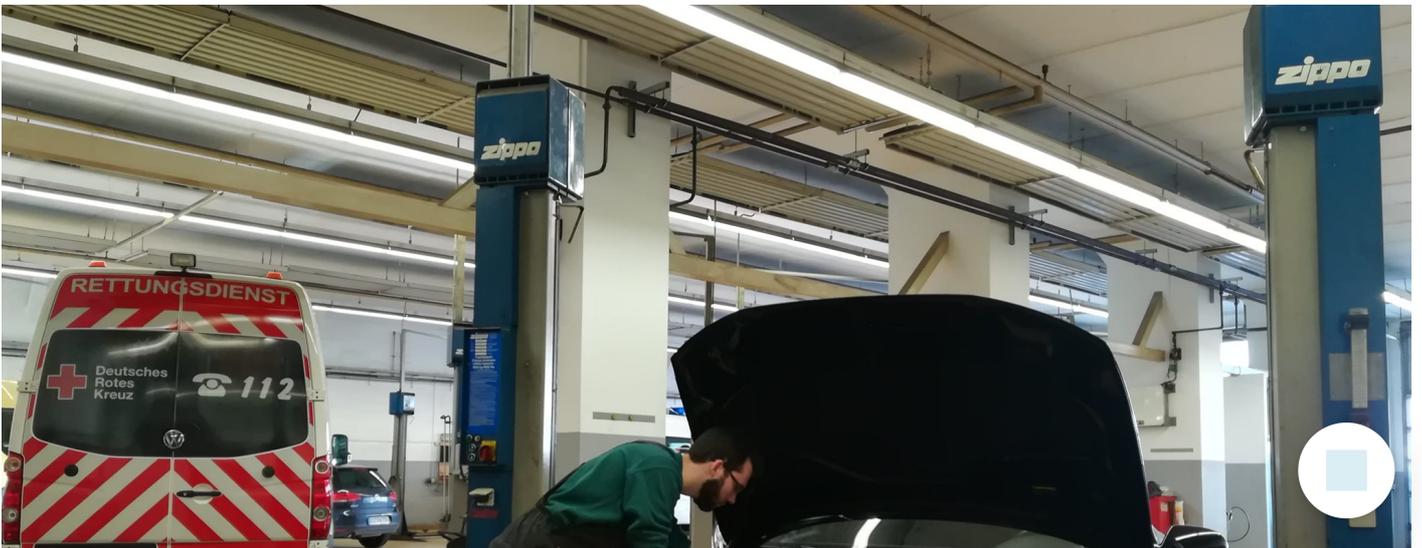

**Dan 10:** Z novim ponedeljkom je prišel nov delovni dan. Na Volkswagnu/Audiju večinoma popravljamo Audijeva vozila. Popoldne pa nismo počeli nič zanimivega. Razen če vas zanima kuhanje in umazana posoda.

(**Day 10:** A new business day has arrived with a new Monday. At Volkswagen / Audi we mostly repair Audi vehicles. In the afternoon, however, we absolutely nothing interesting. Unless you are interested in cooking and

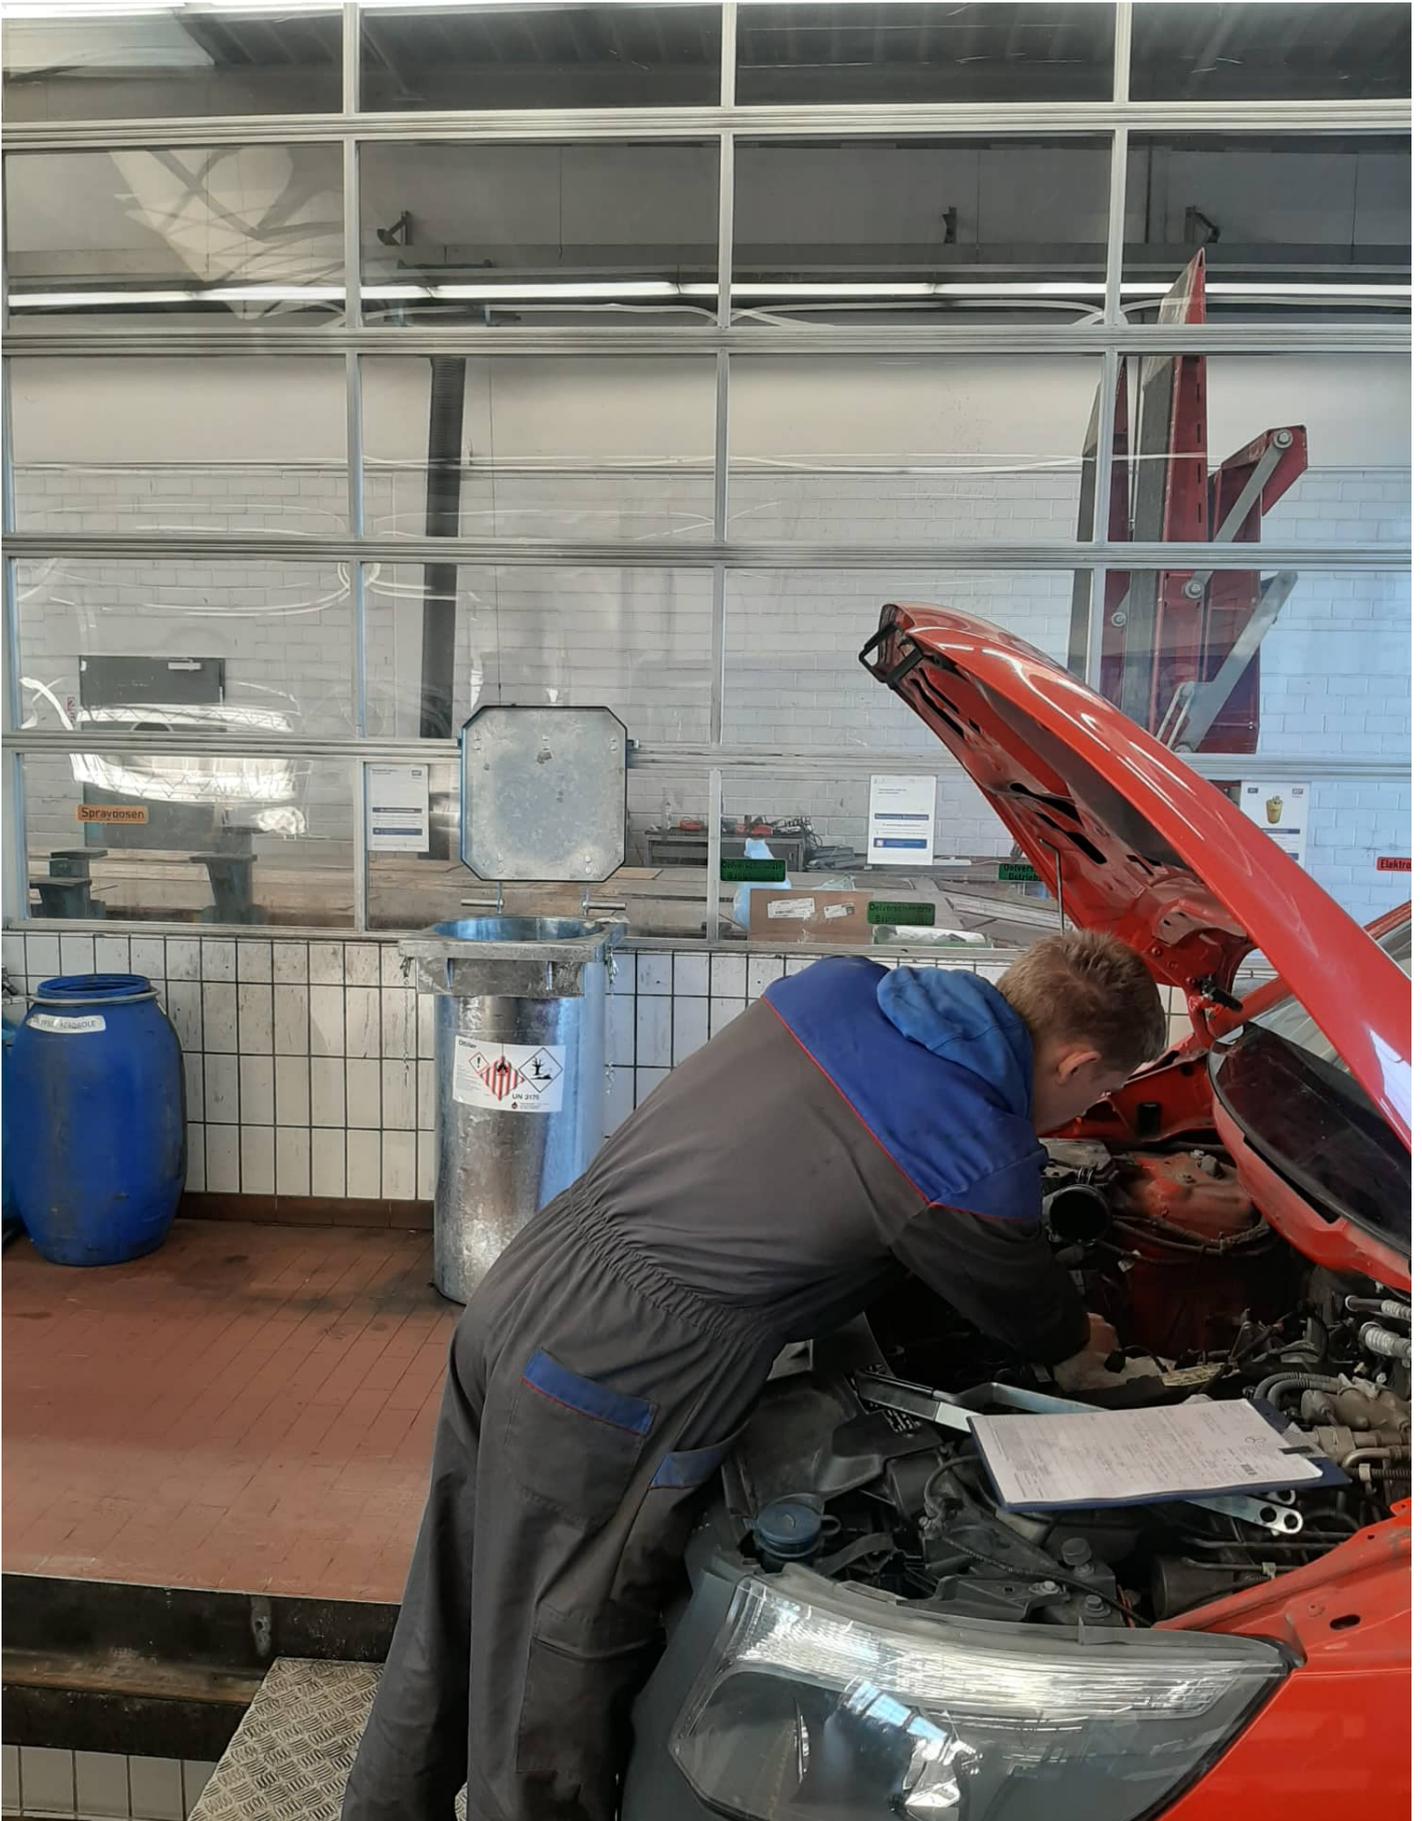

**Dan 11:** Čez torke se je lažje prebiti. Na Mercedes-Benz, kjer se opravlja tovorni program, se večina popravljajo lažja tovorna vozila. Na vsake toliko časa, pa dobimo tudi nekaj večjih tovornih vozil.

(**Day 11:** Tuesdays are easier to get through. At Mercedes-Benz, where the heavy vehicle program takes place, we mostly repair lorries. But every once in a while we also get some bigger trucks.)

**Dan 12:** Sreda pomeni, da smo že čez polovico tedna. Suzuki servis ima ta teden na popravilu večina starejše Jimny terenska vozila. Na dvigalu se pa tudi pojavijo novejša vozila, na kar nisem preveč navajen.

(**Day 12:** Wednesday means we're halfway through the week. This week in Suzuki we're repairing mostly older Jimny ATVs. However, newer vehicles also appear on the lift, which I'm not too used to.)

**Dan 13:** Po vrnitvi iz naših vsakodnevnih služb, so nas na dvorišču pričakali nepričakovani obiski. Na kontrolo so prišli Slovenski znanci, in nam plačali večerjo.

(**Day 13:** Upon our return from our daily jobs, unexpected visitors awaited us in the driveway. Fellow Slovenians came to check up on us and paid for diner.)

**Dan 14:** Prišel je tisti čas v mesecu ki smo ga vsi pričakovali, ampak noben ni bil preveč pripravljen. Morali smo oprati perilo, da ga imamo dovolj do našega odhoda. Še naš najbolj izurjen ni imel pojma kako upravljati stroje.

(Day 14: The time has come that we all expected, but none of us were too prepared. We had to wash our laundry to have enough of clean clothes before we leave. Even our most skilled man had no idea how to operate the machinery.)

**Dan 15:** Še en vikend in še en izlet. Tokrat smo odšli v muzej Automobilwerk Eisenach, kjer smo si ogledali zgodovino industrije avtomobilov v mestu Eisenach. V istem mestu pa stoji tudi znani Wardbu

(Day 15: Another weekend means another trip. This time we went to the Automobilwerk Eisenach Museum to see the history of the car industry in Eisenach. In the same town stands the famous Wartburg Castle, which gave the AWE Wartburg car its name.)

**Dan 16:** Zaradi megle smo se danes zapeljali do muzeja meje vzhodne in zahodne Nemčije. Poslušali smo tudi zgodbe ljudi, o času ko je meja še stala. Nekateri je muzej izčrpal.

(**Day 16:** Due to fog, we drove to the Museum of the Border between East and West Germany today. We also listened to people's stories about the time when the border was still standing. The museum exhausted some of us.)

**Dan 17:** S ponedeljkom se je začelo delo, sploh na Mercedes-Benz servis. Na popravilu smo imeli avtobus in ni mi treba opisati kako neprijetno je servisirati motor skozi 500x500 luknjo.

(**Day 17:** Some real work started on Mondays, especially on Mercedes-Benz service. We had a bus in the shop and I don't have to describe how uncomfortable it is to service the engine through a 500x500 hole.)

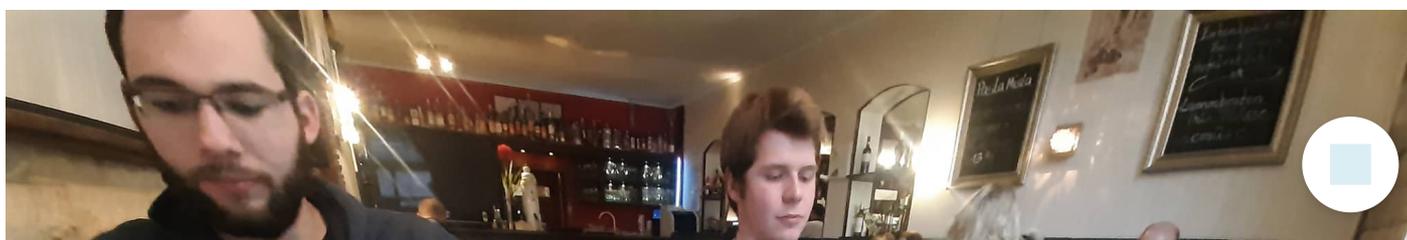

**Dan 18:** Po dnevu dela smo se odločili oditi v mesto na dolgo pričakovano pivo in še kaj. Izbrali smo si klasično italijansko restavracijo z

odličnim picam, kar pa nismo pričakovali je, da nas bo natakar nagovoril v italijanskem jeziku, ker "smo sosedge".

(Day 18: After a day of work, we decided to go to town for the long-awaited pizza and something more. We chose a classic Italian restaurant with a great pizza, but we did not expect the waiter to address us in Italian because "we are neighbors".)

**Dan 19:** Sreda nam na Suzuki servis ni prinesla pretirano Suzukijev. Imeli smo pa probleme z Fordovim ohlajanjem, zato ga je bilo treba peljati na veliko testnih voženj.

(Day 19: Wednesday did not bring to much Suzukis to Suzuki's service. However, we had cooling problems with a Ford, so it had to be taken for a lot of test runs.)

**Dan 20:** Danes kot ponavadi smo skuhali makarone in gledali filme. Naše nočno življenje med tednom ni preveč zanimivo.

(**Day 20:** Today, as usual, we cooked macaroni and watched movies. Our nightlife is not too interesting during the week.)

**Dan 21:** Danes pa zaradi pritožb nismo naredili makaronov. Odločili smo se, da testiramo pečico in spečemo piščanca s krompirjem.

(**Day 21:** Today, however, we have not made macaroni because of complaints. We decided to test the oven and bake some chicken and potatoes.)

**Dan 22:** Ob zgodnjih jutranjih urah smo se odpravili v Erfurt, kjer se je odvijal avtomobilski sejem. Na sejmu smo si ogledali nove modele avtomobilov, poleg tega pa tudi predelane avtomobile. Nekaj časa smo si vzeli tudi za ogled drift šova.

(**Day 22:** In the early hours of the morning, we headed to Erfurt, where a car fair was taking place. At the fair we took a look at the new models of cars, as well as customized cars. We also took some time to watch the

**Dan 23:** Naši nedeljski plani, odhod v nacionalni park, so propadli z deževnim dnevom. Zato smo odšli še malo v mesto na eksotično hrano in pričakali novo skupino dijakov iz Slovenije.

(**Day 23:** Our Sunday plans, going to the national park, were ruined by the rainy day. That is why we went into the city again for some exotic food and expected a new group of students from Slovenia.)

**Dan 24:** Prvi dan zadnjega tedna je minil. Proti koncu službe smo si ogledali gasilski dom in njihov muzej starih gasilskih avtov. V muzeju sem videl tudi črpalko, ki jo uporablja naš gasilski dom.

(**Day 24:** The first day of the last week has passed. Towards the end of work, we took a look at the fire station and their museum of old fire trucks. At the museum I also saw a pump used by our fire station.)

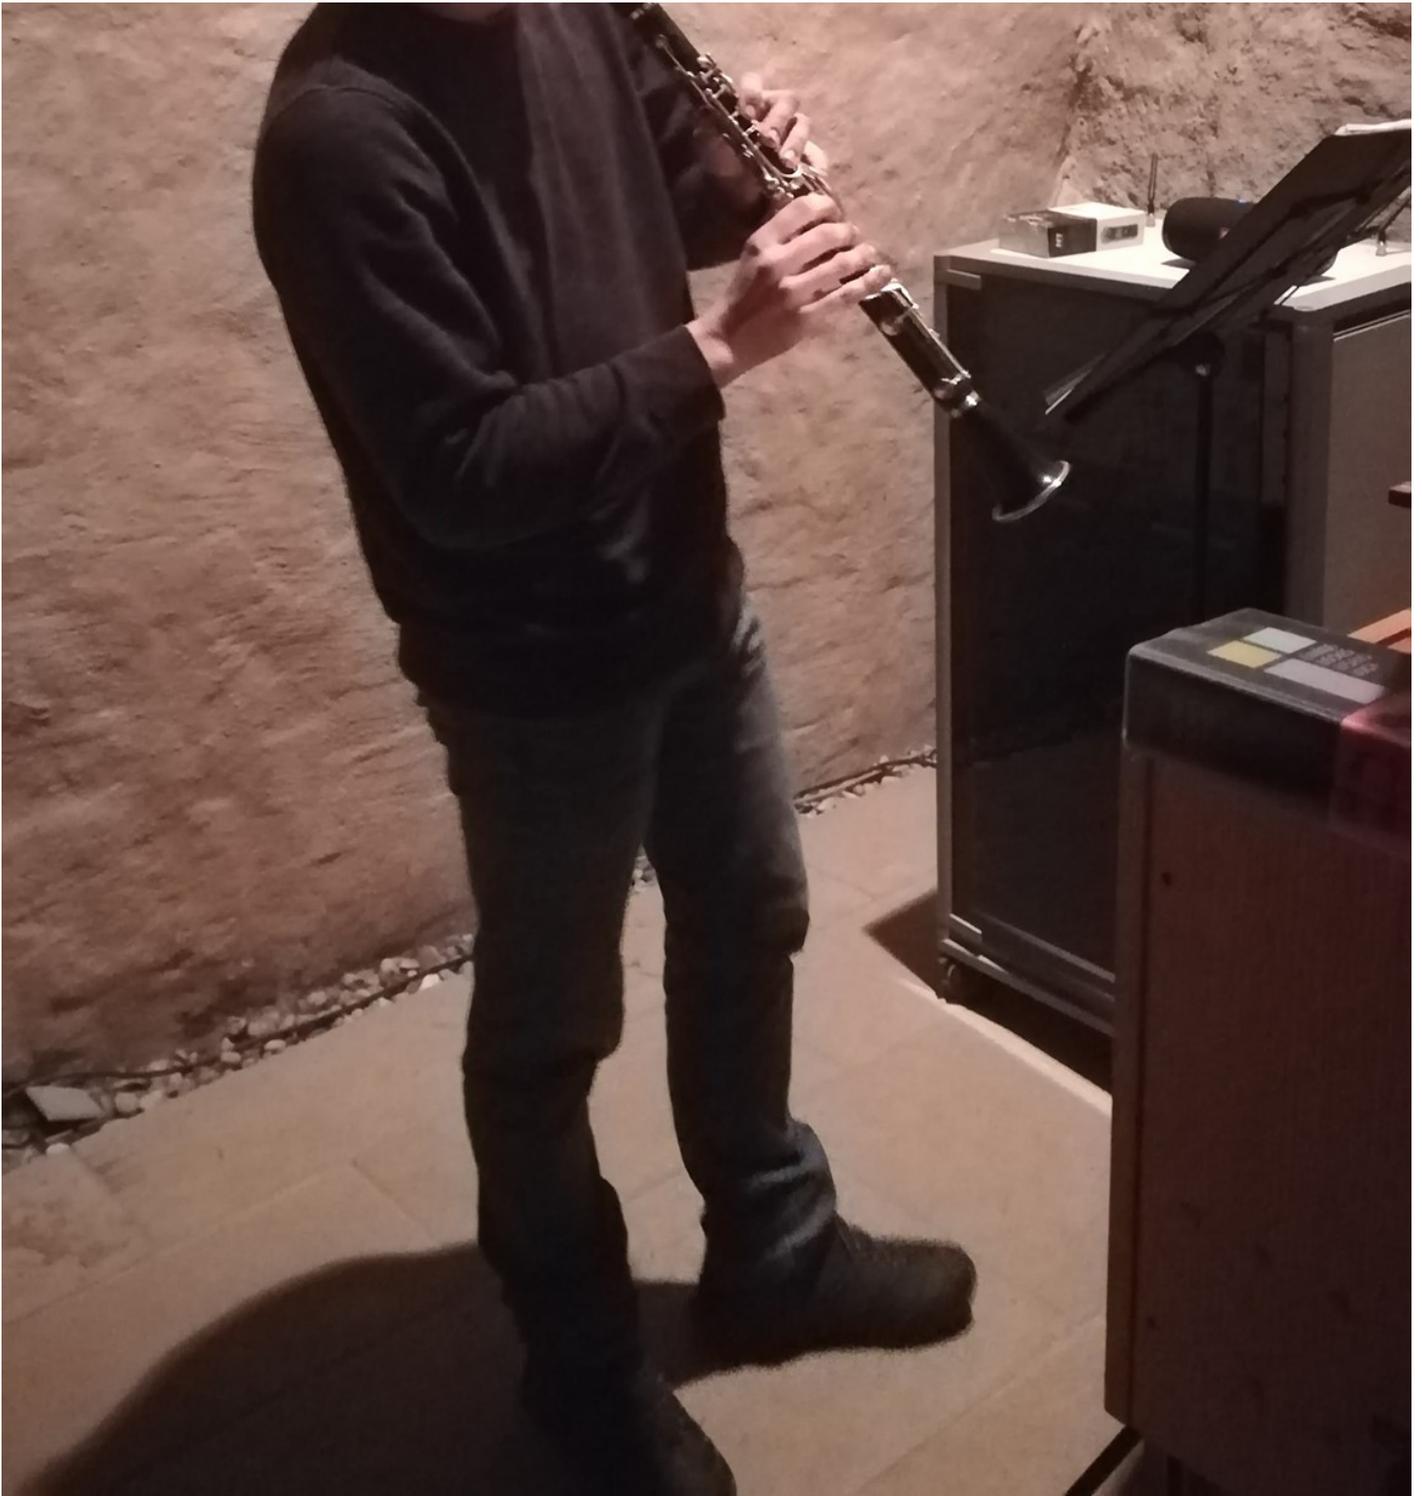

Dan 25: Na ta dan smo poslušali sošolca pri vadbi klarineta. -Janez Dolenc: "V cerkvi je zelo dobra akustika".

(Day 25: On this day, we listened to a classmate when practicing the clarinet. -Janez Dolenc: "There are very good acoustics in the church.")

**Dan 26:** Sreda je bila naš zadnji dan na servisih. Vsi smo se poslovili in izmenjali darila mi iz Slovenije in oni iz servisov. Za večerjo smo nameravali v mesto ampak je naš kuhar imel odlično idejo ...

(**Day 26:** Wednesday was our last day at the services. We all said goodbye and exchanged gifts, we from Slovenia and they gave us souvenirs from the repair shops. We were going to go to town for dinner but our chef had a great idea ...)

**Dan 27:** Danes smo imeli predstavitev na šoli, kjer smo predstavili Slovenijo, šolo in naše doživetje v Nemčiji. Zvečer so nas pa povabili na večerjo kjer smo jedli najbolj okusno hrano odkar smo v Nemčiji.

(**Day 27:** Today we had a presentation at the school where we presented Slovenia, our school and our experience in Germany. In the evening, we were invited to dinner where we ate the most delicious food since we came to Germany)

**Dan 28:** Čaka nas zadnja noč v Kloštru. Zato smo se odločili da bomo danes spakirali in se pripravili na zgoden odhod.

(**Day 28:** The last night in Kloštar awaits. So we decided to pack our things today and get ready for an early departure.)

Vsi smo uživali in odnesli veliko delovnih izkušenj.

(We all enjoyed ourselves and got a lot of work experience.)
