https://drive.google.com/drive/folders/1xbLYP9oJGaHSrmyUyydQUwneKUyFi9Sh?usp=sharing_eil&ts=66dabc92

The screenshot shows a GoTo Meeting interface with five participants in a grid view. The central focus is a presentation slide titled "The concept of SMF projects". The slide features a blue arrow pointing from a box labeled "SMF PROJECT" to a larger box labeled "MAIN PROJECT". At the bottom of the slide, there is a logo for the "ERDF Regional Operational Programme" and the text "ERDF Regional Operational Programme". The meeting controls at the bottom include buttons for Record, React, Mic, Camera, Share, Leave, Captions, and Pop out. The system tray at the very bottom shows the date and time as 14:34 on 5. 09. 2024.

The screenshot shows the same GoTo Meeting interface with the same five participants. The central focus is a presentation slide titled "Work packages". The slide features a blue arrow pointing from a box labeled "SMF PROJECT" to a list of three work packages: "WP1: Comprehensive assessment of Vocational Education and Training enhancement initiatives", "WP2: Main project work plan", and "WP3: Report on funding possibilities". The meeting controls and system tray are identical to the previous screenshot, showing the date and time as 14:35 on 5. 09. 2024.

WP1 / Activity 1.1 Target groups needs assessment

Involves stakeholder analysis, surveys, focus groups, interviews and data review. The activity aims to identify and understand needs, challenges and priorities of VET stakeholders.

Timing: 14 months.
Budget: 19.731,12 EUR.

A.1.1 is crucial for the success of the main project. A comprehensive needs assessment, consuming long staff hours and organisation costs is planned.

- A.1.1.1. Stakeholder mapping
- A.1.1.2. Needs assessment surveys
- A.1.1.3. Focus group discussions
- A.1.1.4. Interviews with key informants
- A.1.1.5. Review of existing data and reports
- A.1.1.6. Analyze and synthesize findings
- A.1.1.7. Consultation and validation
- A.1.1.8. Documentation and reporting

A.1.1.1. Stakeholder mapping

The partnership will conduct a comprehensive analysis to identify and categorize the various target groups involved in or impacted by the CoVE development main project. This will include students, educators, employers, policymakers, industry associations and communities, etc.

Numerosity of stakeholders will be defined within this sub-activity: number of individuals and organisations to be involved in our research.

With stakeholder mapping, SCSL will take the lead on this sub-activity, STRIA and REDASP will contribute with their national analyses. International organisations will be identified too.

A.1.1.2. Needs assessment surveys

SCSL will design and all three project partners will administer surveys to collect data on the needs, preferences, and expectations of each target group. The surveys will be tailored to the specific characteristics and interests of each group, and they will be conducted online, via email, or in person.

A.1.1.3. Focus group discussions

With a methodology defined by SCSS, all partners will organize focus group discussions with representatives from selected target groups to explore their perspectives, experiences, and challenges related to VET. The discussions will provide qualitative insights and allow for in-depth exploration of issues.
